

QUALITY DRIVEN | WORLD SHARING

COMMERCIAL ROLL

RESPONSIBLE ONE-STOP BUILDING MATERIAL PROVIDER

Commercial roll floor, is to choose quality, choose style, choose comfort.
Let's build a better business space together,

COMMERCIAL FLOOR, DEDUCE QUALITY OF LIFE

Every day, we strive to improve people's lives, preserve natural resources and respect our environment. We focus on making products that deliver optimal performance, promote healthy living and preserve the planet's natural capital. Our design philosophy is inspired by the circular economy.

○ Selected materials

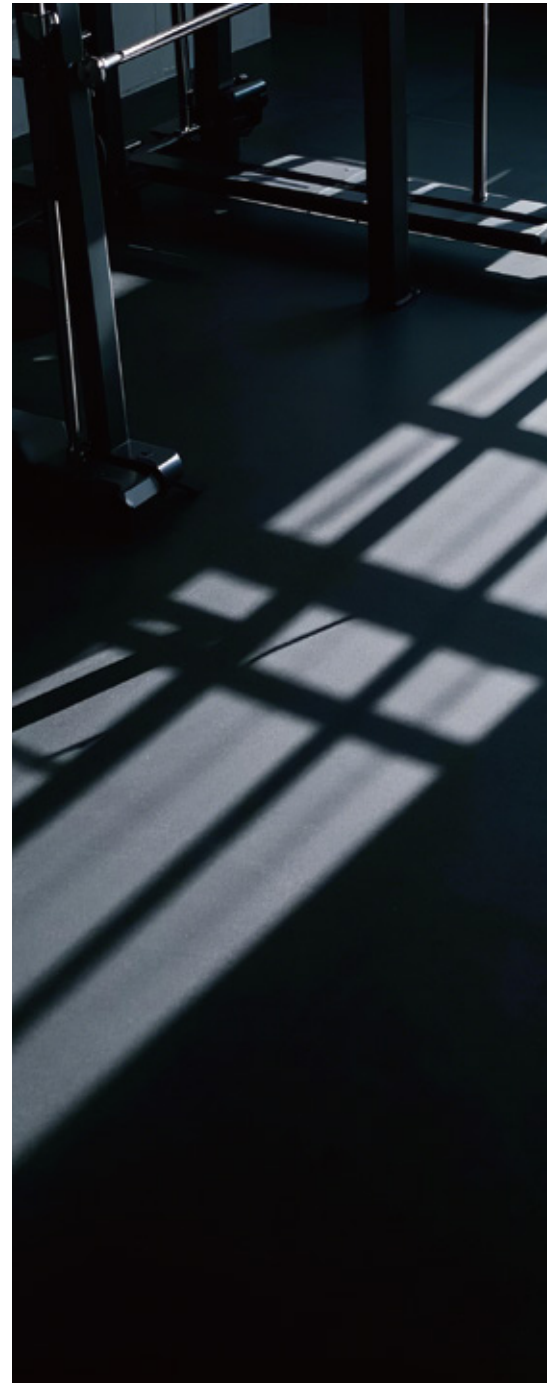

Commercial flooring using high-quality raw materials, after strict screening and processing, to ensure that each floor has excellent quality. Whether it is the fine degree of texture, or the stability of the material, it can meet the high requirements of the home environment.

○ Exquisite technology

The advanced production process gives the excellent performance of the commercial floor. Precision cutting technology makes the floor edges smooth and flat, and the stitching is tight and seamless. The environmentally friendly coating process not only makes the surface of the floor bright, but also effectively protects the floor and extends the service life.

○ Strict quality inspection

Every piece of commercial floor has undergone strict quality testing before leaving the factory to ensure that it meets national standards. From hardness, wear resistance to environmental protection indicators, have been strictly controlled, so that you can rest assured to use.

WATERPROOF AND ANTI-SKID

Direct isolation of water flow

.....

EASY TO CLEAN

Clear concave and convex three - dimensional lines on the surface

.....

0 FORMALDEHYDE

Formaldehyde is lower than the national standard customized for environmental protection

.....

FIRE RETARDANT

The floor leather will not burn, and the building materials for home and office pay attention to safety

.....

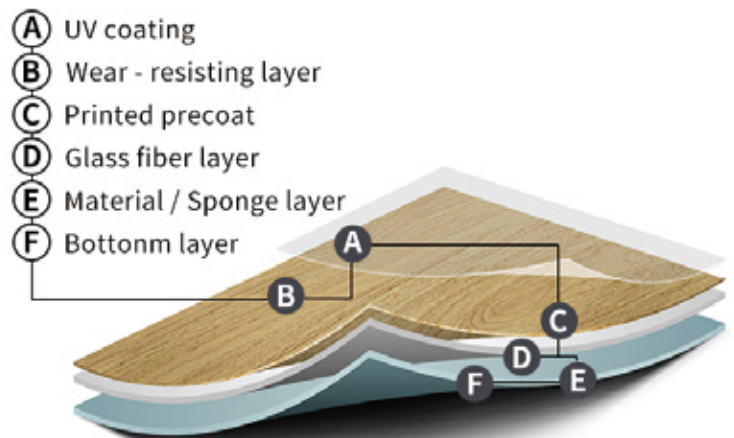

**CHOOSE COMMERCIAL FLOOR, EMBRACE HASSLE-FREE BUSINESS.
WATERPROOF AND FIRE-RESISTANT,
SAFEGUARDING EVERY INCH OF YOUR COMMERCIAL REALM**

○ Durability

○ Easy Maintenance

○ Aesthetic Appeal

Superior Wear Resistance
Long - Lasting Performance
Uniform Appearance

COMMERCIAL FLOOR

PRODUCT STRUCTURE

Has good impact resistance, can withstand a certain degree of collision without damage; Strong wear resistance, can be used in the environment of high flow of people for a long time; Excellent compression resistance, it is also not easy to deform when subjected to large pressures, and its compression force can reach a high level, such as 100 tons per square inch (psi) without breaking or deformation.

EXCELLENT QUALITY ASSURANCE

EASY INSTALLATION

It can be installed by one person

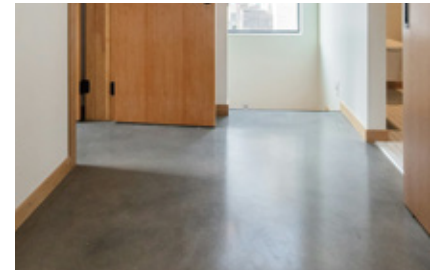

ENVIRONMENT

Conform to national environmental protection standards

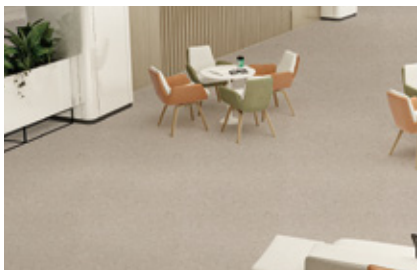

NOISE REDUCTION

It has sound absorption performance and good noise reduction effect

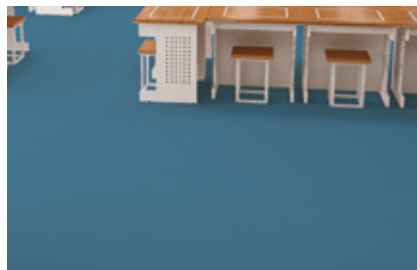

EASY TO CLEAN

It can be cleaned with a light wipe

DOUBLE SIDED WATERPROOF

PVC waterproof layer on the surface is moisture - proof and anti - skid

THICKENED WEAR - RESISTANT

Upgraded thickness up to 2.0T

HIGH QUALITY RAW MATERIALS

In addition to its own environmental protection attribute,
PeV coiled material flooring has also played a great role in protecting nature,
and has generally replaced wood flooring in Europe and America

● Realistic color and exposure to the forest

● Environment friendly and healthy, ready to use

PVC FLOORING WELDING ROD *

Material: PVC Color: Customized
 Diameter: 4mm Package Type: Carton
 Length: 100 meters
 Application: Airports, Educational Institutions, Stations, Schools, Office Buildings, Restaurants, Medical Facilities, Factories

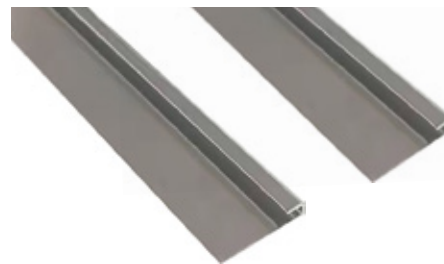

PVC COVE FORMER

Length: 20m/roll
 Material: pvc resin
 Packing: Carton
 Compatible flooring: Homogeneous & heterogeneous vinyls in rolls

GLUE *

Glue application amount (kg/SQM): 0.31
 Applicable to: roll material
 Specification: 25 kilograms

ALUMINIUM PROFILE *

Materials: Aluminum alloy color: silver
 size: 3mm x 19mm x 0.65mm packing: 100pcs/pkg
 Length: 3m/pc

- ◎ Environmentally friendly material
We use non-toxic PVC raw materials to prevent pollution to people and the environment.
- ◎ Moisture proof
Moisture proof and mold proof can effectively prevent the breeding of bacterial viruses.
- ◎ Exquisite and beautiful
The perfect combination of seams makes PVC flooring more beautiful.

ADVANTAGES
PVC FLOORING WELDING ROD

- ◎ Nice visual finish.
- ◎ Easy flooring maintenance and cleaning thanks to its round shape angle.
- ◎ Creates smooth angle under flooring for perfect hygiene and watertightness.
- ◎ 5 sizes available fulfilling every single demand and angle radius.

FEATURES
PVC COVE FORMER

- ◎ Aesthetic appeal, clean and hygienic, high strength and stability, light weight, easy installation, Durability and longevity, Resist to rust, corrosion, moisture, fire, etc.
- ◎ Versatility and extend endless possibility for decoration.
